"AFA Used" are the reported amounts either measured or estimated by the watermaster of Water District 290. e = estimated

1. 29-14242 was a split from protected water right 29-2470 in February 2018

2. 29-14165 was a split from protected water right 29-2565 in August 2015.

3. G 5 Land Co. has 6 water rights diverted through two wells. The total AFA allotted for the six rights is 2,354 AF. For the information recorded on the table above through 2017, G5 East refers to water diverted under 29-13984 and G5 West refers to water diverted under 29-13949, 29-13950, 29-13951, 29-13952, & 29-13985 as listed in the weekly accounting tables. Per Transfer #78314, both wells are listed as authorized POD's of all six rights rights. However, the conditions of approval per Transfer #78314 should be referenced for further information.

4. The Total Allotted by IDWR (8,030.9 AF) **does not take in consideration** a combined limit between 29-2509 and 29-7272. The two rights together have a combined limit of 408 AF which would reduce the total Allotted by IDWR.

5. 29-14248 was a split from protected water right 29-2565 in February 2019.

6. 29-14261 was a split from protected water right 26-2565 in February 2019.

7. Starting 2019, the amount recorded for water right 29-2565 was determined by the percentage of land (53%) at a shared pivot with unprotected water right 29-14187.

8. The Total POU Acres (2,256.7) **does not take in consideration** a combined limit between 29-2509 and 29-7272. The two rights together have a combined limit of 92 acres which would reduce the total POU acres.
